

Elite Compendium Delta 14B joystick support

Plug your Delta 14B joystick into the rear socket of the 14B/1 adaptor box
Do not use the side socket of the adaptor box

Run any version of Elite from the Elite Compendium
While docked, press COPY to pause the game
Press "L" and wait for the confirmation beep
Press DELETE to unpause the game

Repeat this process to switch back to keyboard controls

See elite.bbcelite.com for more details
